Sponsor Information

The Web Audio Conference (WAC) is an international conference dedicated to web audio technologies and applications. Every year, the conference attracts between one and two hundred of the world's leading developers, researchers, artists and as well as industry engineers and R&D scientists interested in the fields of music technology, computer music, audio application, and web standards.

WAC is going into its 9th edition from **19 to 21 November, 2025**. After Atlanta, London, Berlin, Trondheim, Barcelona, Cannes and Perdue University, this year's conference will come back to Paris (France), 10 years after the first edition.

For this 10-year anniversary, the special theme will be *"Hacking and Making with Web Audio"*. The event will be co-organized by IRCAM and Mozilla, and will be held at IRCAM, next to the Centre Pompidou in central Paris.

As a sponsor, you will have excellent opportunities to connect with talented audio developers, advertise your products, and support a burgeoning creative community. The conference consists of two days of talks, concerts, demo/poster sessions, and a full day of workshops and artworks presentations. The event will take place in the [Espace de Projection](https://wac-2025.ircam.fr/) at IRCAM. You can find more info about the event here: https://wac-2025.ircam.fr/.

Sponsor levels of WAC

Sponsors will be mentioned on the conference website, administrative slides during the conference, and other informational material (e.g. promotional banners at the conference and at the concerts). Depending on the type of plan you choose, your logo will be more or less prominent.

You can be involved at different levels of sponsoring, and we're open to discussing any specific level of involvement.
